

 April Homework 

Check off each activity when completed.  **Make sure to read 15 minutes every night with your child.**

<p>4/1-4/5</p>	<p>1 When you read tonight, point to each word as you read. Then, find the following: a letter, a word, a sentence **Tell how they are different.</p>	<p>2 There were 7 bunnies in a basket. 2 hopped out. How many are left in the basket? Explain your thinking and how you got your answer.</p>	<p>3 Go outside and draw one living and one non-living thing. Label your picture. For a challenge, add a caption!</p>	<p>4 Draw and label a technological tool that you use at home. Write a sentence telling about the tool.</p>
<p>4/8-4/12</p>	<p>5 Write a pair of rhyming words. Try to find at least 3 more pairs of rhyming words. How many pairs can you create? (Silly, nonsense words are ok)</p>	<p>6 There are 10 video games. 4 of them go missing. How many video games are left?</p>	<p>7 Draw an animal and list the 4 basic things that it needs to survive.</p>	<p>8 Draw and label a technological tool that you use at school. Write down one way people use this tool.</p>
<p>4/15-4/19</p>	<p>9 Alliteration is when all or most of the words start the same way. Ex: Sam sat on soft sand. Now it's your turn to make up your own sentence using alliteration!</p>	<p>10 Choose 2 different 2D shapes. Tell everything you know about the shapes and give an example of each shape in the real world.</p>	<p>11 Go outside and draw a plant you see. Draw an animal. Write about the characteristics of each.</p>	<p>12 Design your own technology that could be used to help people. Draw and label it.</p>
<p>4/22-4/30 New hw will be given on 4/30</p>	<p>13 We have been learning about poetry. Find a poem for kids on the internet or in a book. (Try Shel Silverstein). Tell your favorite part of the poem. Create an illustration (picture) for the poem.</p>	<p>14 Choose a 3D shape. Tell everything you know about it and give an example of it in the real world.</p>	<p>15 Draw a plant and label the parts of it.</p>	<p>16 Write a sentence about how your life would be different without computers.</p>
